

**DTC ESSENTIALS**

# Salesforce Health Cloud Essentials

## Pricing:

Starting at **\$5,999**

## Completion Time:

**6-8 Weeks**

## Introduction:

Salesforce Health Cloud provides healthcare organizations with powerful tools to manage patient relationships more effectively, improving both operational efficiency and patient outcomes.

## Benefits:

- ✓ Centralized patient management for a unified view of health records.
- ✓ Enhanced collaboration across care teams for better health outcomes.
- ✓ Personalized patient engagement with tailored care plans.
- ✓ Streamlined operations with automation of routine tasks.
- ✓ Compliance with healthcare regulations including HIPAA.

## Features:

- ✓ Comprehensive patient profiles integrating data from multiple sources.
- ✓ Care coordination tools for scheduling, treatment plans, and follow-ups.
- ✓ Patient engagement features like secure messaging and health education.
- ✓ Analytics and reporting tools for tracking patient outcomes and service efficiency.
- ✓ Integration capabilities with electronic health records (EHRs) and other health IT systems.

## What's Included:

- ✓ Setup of patient and provider portals.
- ✓ Customization of patient care plans and communication tools.
- ✓ Implementation of security measures for patient data protection.
- ✓ Configuration of analytics for health outcomes and operational efficiency.
- ✓ Training for healthcare providers and administrative staff.

## Expected Results:

- ✓ More efficient patient data management and access.
- ✓ Improved coordination and quality of care.
- ✓ Increased patient engagement and satisfaction.
- ✓ Reduction in operational costs through automation.
- ✓ Enhanced compliance with healthcare standards and regulations.
